

Thousands of Women Testify, from personal knowledge and experience, that as a simple, reliable cure for female complaints, Lydia E. Pinkham's Vegetable Compound

is unequalled. Mrs. MARY A. ALLEY, Lynn, Mass., says: "I suffered from womb trouble, misplacement, ulceration, leucorrhoea, etc. After using a few bottles of Lydia E. Pinkham's Vegetable Compound, I recovered entirely."

All Druggists sell it, or sent by mail in form of Pills at \$1.00, or by express at \$1.50. Address in confidence, LYDIA E. PINKHAM MED. CO., LYNN, MASS.

Gov. McKINLEY will go to the Minneapolis convention as a guest of the Ohio Republican league, of which Major General Squire, of Toledo, is first boss, under Foraker. President Harrison should get his machine in good working order at once. This McKinley movement means a stampede in convention to the Prince of Protection, as was attempted in Chicago four years ago. The times have changed since '88. McKinley will hardly resist a stampede in Minneapolis. Rather will he encourage it. Gen. Squire will help it along with his turtle soup brigade.—[Toledo Bee.]

EX-GOVERNOR HILL is having a big ovation in Mississippi. The speaker of the day at Meriden introduced him as the "great Democratic leader, who never leads but to victory, and never won a victory but for the good of the people," and concluded his oratorical flight as follows: "Today all eyes are turned to him as the great and wise leader, under whose banner the Democratic hosts of this country shall march to victory next November. And not only that, but when the great victory shall be won, it will be a permanent one; to continue year after year, and term after term, until this government shall be fully restored to that glorious career begun under our fathers, and so go onward and upward till it reaches that great destiny which in the providence of God awaits the brave, the virtuous and the free. Mississippi's guest, the Hon. David B. Hill."

HILL will undoubtedly use his Senatorial salary to help defray the expenses of his southern trip. But such is politics.—[Pittsburg Dispatch.]

Yes, Hill will probably spend a month's salary in ten days, but is Hill the only Senator who spends his salary outside of the city of Washington? How much of the time does President Harrison spend his monthly stipend of \$14,165 in Washington? Not over two-thirds. Besides the \$14,165 dollar Congress voted him over \$9,000 per month for servants and kitchen expenses, which goes right on like Tennyson's Brook, whether he is in Washington or out gunning for duck, or rustling in a gift cottage by the sea.

How is it with Senator Quay? He spends nearly all his time away from Washington, yet he never fails to draw his salary. How is it with Senator Stanford of California? He gives much more attention to his Polo Alto stud than to his Senatorial duties, and is not in Washington over half the time. Yet he draws his salary just the same. Secretary of the Treasury Foster rides the salted seas, and John Wannamaker gives much of his time to his bargain counter, but they live on Uncle Sam just the same, in the most prodigal way.

EXPERIENCE educates, as has been shown in the conversion of Congressman Moses T. Stevens of North Andover, Mass., a Democratic member of the Ways and Means Committee, who was also a member of the last Congress and helped to frame the McKinley bill, urging that it was in the interest of the producer, manufacturer and consumer. Now, after a year of lamentable failure he makes a plea in Congress for raw materials for the manufacture, which, he claims, will make better clothing for the people, better wages for the workmen, and a better market for home grown wool. "As a manufacturer," he says, "I am not afraid to seek the relief of the people by reduced duties on my product, and I believe that the majority of American woolen manufacturers who have studied this question most carefully are rapidly coming over to my opinion." He says "the American woolen industry, under the artificial stimulus of high duties, has not justified the expectations of those who have advocated this sort of medicine" and any prosperity it may now enjoy "is because of the enterprise American manufacturers and intelligence of American workmen rather than because of the artificial barriers which have been erected by class legislation."

UP GOES YOUR COFFEE. From the Cleveland Plain Dealer.

When the president issued his notification of proposed enforcement of the retaliatory section of the McKinley tariff act seven countries were included in the warning. These were Austria-Hungary, Honduras, Nicaragua, Spain for the Philippine islands, Colombia, Haiti and Venezuela. The date set for the proclamation of retaliation was March 15. Just in time to escape the threatened penalty Nicaragua concluded a treaty admitting enough American products free of duty to satisfy President Harrison under the provisions of section 3 of the McKinley law. Austria-Hungary, Honduras and Spain have given satisfactory evidence of intention to make an arrangement. That left but three out of the seven in a default position, and against them the threatened proclamation was yesterday launched.

The retaliatory section of the law imposes duties on sugar ranging from 7-10 of a cent to 2 cents a pound; on molasses 4 cents a gallon; on coffee 3 cents a pound; on hides and skins 1 1/2 cents a pound. The sugar duties will not affect imports from the three culprit countries, as in the twelve months ending June 30 last, only \$36 worth of sugar of all kinds was imported from Colombia, \$32,995 from Haiti, and none at all from Venezuela. Of coffee, the importations were: From Colombia \$24,915,111, from Haiti \$1,993,943, from Venezuela \$10,814,574. Of hides there were imported in the last fiscal year from Colombia \$767,743, from Haiti \$24,029, from Venezuela \$898,492.

The total importation of coffee from the three countries for the year was \$74,099,692 pounds, or very nearly 17 per cent. of all the coffee imported into the United States. The value of the hides received from the three countries was \$1,690,264, or a little over 6 per cent. of the total importation for the year.

JOHN DANNER returned from a business trip to New Orleans, Birmingham and other Southern cities on Saturday st. He reports business generally in unsatisfactory condition in the South. Cotton is only 6 cents a pound, down from 9 to 12 cents the usual price. At Birmingham, Alabama, a test from cotton, only three out of seven furnaces are in blast. People everywhere and of both sexes are cursing the McKinley tariff as praying earnestly for its repeal.

Lima Valley Laconics.

LIMA VALLEY, O., March 15.

Saturday evening a non-partisan meeting was held in the town hall for the purpose of nominating a ticket for the borough of Lima Valley. The meeting was not as largely attended as was looked for, but nevertheless those who did attend put a ticket in the field. Several minutes were occupied in discussing the character of the ticket. It seems that a few would be happily pleased if the corporation could be busted as of the opinion that the town's rays will fall upon this town in a very few days before it ceases to be an incorporated village. Plenty of men have been nominated for the different offices.

And the next important question that confronts the people will be to make an effort to elect the men who will strictly comply with the corporation laws. We have nothing to say in regard to the old council only that a little too much leniency predominated, not that they did not give orders to have the sidewalks improved, but failed to see the work done.

Miss Rosa Stoeburger of Yale visited near town for several days last week.

Mrs. Mason, of Oberlin visited relatives and friends in this vicinity last week.

A. J. Betz has returned from the city with largest and finest line of dry goods ever brought to a country town.

Col. George the Penna. railroad route agent was in the town on business last week.

S. B. Trescott, a prominent business man of Randolph was here on business last Saturday.

Rev. Hallock of Marlboro closed his revival meeting this place Sunday evening. Many have confessed religion. Rev. Hallock while among us has many warm friends, his sociability takes them by storm.

Mrs. B. Hutton who had been reported quite sick is able to be around again.

Marion Hamlin has rented the John Greenmeyer farm, will shortly move there.

John Hamlin, colored, well known in this place died at his home in Enterprise, Va., last week. Mr. Hamlin at one time resided here, there is at present one son and one daughter living here who mourn his death. He was about 75 years old.

Monday morning Mrs. J. McCallum and her daughter Mary started for Dayton, to which place they were summoned by a telegram announcing the death of Mrs. McCallum's little grand daughter.

James Roth made a business trip to Garrettsville last Monday.

M. Hephner of Leontia was in town on business last week.

Mr. Hovles of Austinburg has moved into the H. D. Mead house.

The Misses Betsie and Malinda Miller of Alliance visited relatives in town over Sunday.

CANTON RIPPER BILL.

A Day Will be Fxd For Its Hearing.

New Heart and Hope From Conrad Schweitzer's Letter, Published in Yesterday's News-Democrat—Ignorance, Indifference and Neglect of Voters Urged in Favor of I. A. Pasage.

COLUMBUS, March 16.—[Special.]—The substitute for the Canton Ripper Bill is now in the hands of the committee on municipal corporation. A day will be set for the hearing of arguments on the case and all interested can participate and come and argue the question before the Committee.

Representative Thomas says that the substitute pleases all parties and that he has as many Democratic letters and telegrams favoring it as he has Republican. He acknowledges that some Republicans are opposed to it.

In explanation of the introduction of the new bill by Williams of Noble, he said that as he was a nonresident of Canton and had introduced the first bill he requested Williams to introduce the substitute for him. Senator Eckley is more favorably impressed with the bill than he was last week. He is much impressed by a six page type written letter from Conrad Schweitzer of the People's Savings bank, who gives many reasons in favor of the new measure. He says there have been many evils in the government of Canton and that the police and fire departments ought to be on a business basis. He also recites the fact that he has been a Democratic editor and chairman of the Democratic committee.

Schweitzer states that he does not believe in a submission to a vote of the people as the ignorance, indifference and neglect of voters might defeat the proposition.

An Appointment by the Governor.

Governor McKinley has appointed Charles E. Ink, of Columbiana, brother of H. H. Ink, of Canton, on the State Board of Pharmacy. The State Association meets in Canton in June and as the appointee has always been active in that association the appointment is of greater interest to Cantonians.
